

KOREAN CONSULATE GENERAL
NEW YORK, N.Y.

April 17, 2018

Dear Friends:

I would like to congratulate the Asian New Life Foundation on the occasion of its 15th anniversary. I would also like to thank all those who worked hard to prepare and organize tonight's Appreciation Dinner.

The Asian New Life Foundation was founded in 2003 to lend a much needed helping hand to Korean-Americans who are diagnosed with certain catastrophic diseases but unable to get the help they need. With this noble goal in mind, the Foundation has been serving the Korean-American community in various ways for the past 15 years. They have continuously conducted bone marrow drives while providing a 24-hour hotline service to offer advice or any immediate course of action necessary for the patients' medical need. Also, the Foundation raises funds to provide financial support for those suffering from leukemia or other incurable diseases and requiring financial assistance.

Indeed, the services offered by the Asian New Life Foundation provide a beacon of hope for the disadvantaged Korean-American patients. Taking this opportunity, I extend my heartfelt gratitude to Dr. Andrew Se Jin Kim, President of Asian New Life Foundation, and all the hardworking team members of the Foundation for their dedication and contribution to the community.

It is my hope that all the Korean-American leaders present at this meaningful event will give their continued support and encouragement to the Asian New Life Foundation. And, I wish everyone good health and all the best for you and your families.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Hyo-Sung Park'.

Amb. Hyo-Sung Park
Consul General
